

Veeam Cloud Connect

Backup as a service

Fast, secure and powerful cloud-based backup

Fast, Secure, and Integrated Backup Solutions with Veeam Cloud Connect

Experience a fully integrated, fast, and secure way to back up to a cloud repository with Vitanium and Veeam Cloud Connect. Our partnership offers an enterprise-grade backup solution without the need for capital expenditure.

Seamless Offsite Backup with Veeam Cloud Connect

Veeam Cloud Connect provides a simple and seamless method for offsite backups to the cloud while maintaining complete control. Vitanium's Cloud Connect platform, hosted in the UK, is supported by Veeam Certified Engineers (VMCE) who offer unrivaled and unlimited support

Secure and Reliable Data Backup

Vitanium offers a secure repository for reliable business data backups. By enabling Veeam Cloud Connect from your on-premise console, you can easily access Vitanium's hosted repositories and backup or retrieve data whenever needed. Whether it's VMware, Hyper-V and Physical environments, we ensure your data is always within reach.

Trusted Veeam Cloud Service Provider

As a Gold Veeam Cloud Service Provider (VCSP) partner, Vitanium guarantees solutions that deliver the highest standards of quality, security, and performance.

Features

- **Insider Protection** - ensures an additional, hidden copy of your backup data is securely stored and protected from internal threats, unauthorised deletions, and ransomware attacks, providing a reliable recovery point.
- **Hosted in the UK** - Benefit from Vitanium's UK-based hosting, ensuring data sovereignty and compliance with local regulations.
- **High Security** - Ensure data security with end-to-end encryption both in transit and at rest.
- **Scalability**- Easily scale your backup storage as your business grows, without worrying about capacity limitations.
- **Bandwidth Optimisations** - Utilise built-in WAN acceleration and data compression to optimise bandwidth usage and reduce backup windows.
