

Vitanium Managed 365 Backup

Fully managed, cloud-to-cloud 365 backup service.

Powered by Veeam

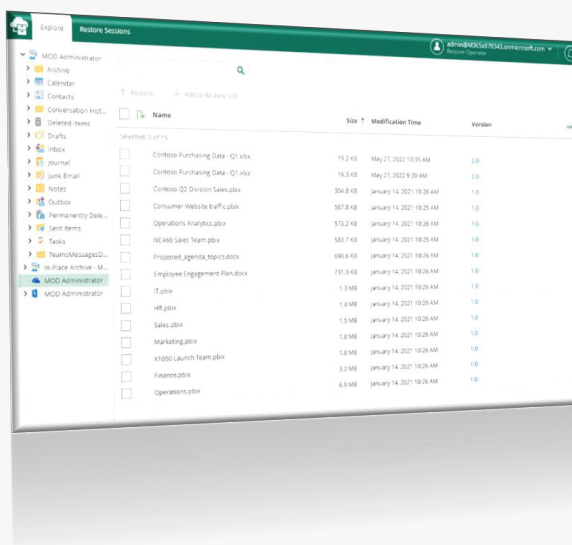

Microsoft provides a wide array of powerful services within Microsoft 365, but a comprehensive backup of your Microsoft 365 data is not one of them.

Vitanium's fully managed backup for 365 eliminates the risk of losing access and control over your 365 data, including Exchange Online, SharePoint Online, OneDrive for Business and Microsoft Teams – so that your data is always protected and accessible.

With Vitanium Backup for Microsoft 365, you can:

- Protect your Microsoft 365 data from accidental deletion, security threats and retention policy gaps
- Quickly restore individual Microsoft 365 items and files with industry-leading recovery flexibility
- Meet legal and compliance requirements with efficient eDiscovery of Microsoft 365 backup items

Don't let data loss, theft, or unexpected disruptions impact your business. Get peace of mind with Managed Microsoft 365 Backup.

Veeam Backup for Microsoft 365

Vitanium's 365 backup has a simple, easy to use online portal for restoring your data quickly.

Permissions can be delegated to individual users, site administrators or team managers to view and restore just the data they need access to.
